

## TECHNICAL ANNOUNCEMENT

2018.03.06

To whom it may concern,

We appreciate your support for PrimeVOLT PV inverter. Hereby please be delivered our reminder of the inverter installation.

In order to preserve the safety and reliability for the DC connection, we will start to implement the DC connector made by Stäubli on all PrimeVOLT PV inverter series.

Stäubli is the market leader of solar DC connector manufacturing. Their DC connector is pluggable connectivity and compatible with other DC connectors.

We remind you to use the DC connectors which are compatible with Stäubli DC connector.
